ABOUT ME

Computer Science undergraduate with hands-on experience building full-stack web platforms, native Android applications, and operational software systems. Profficient at translating business requirements into scalable, performant tools.

EDUCATION

Bina Nusantara University 2023 - 2027

Computer Science undergraduate
GPA: 3.30 / 4.00.

WORK EXPERIENCE

MyBeans | CEO & Founder 2026

- Led the team, made key business decisions, and chose which coffee products to sell.
- Researched and negotiated deals with local coffee suppliers to get the best beans.
- Pitched directly to local restaurants and cafes door-to-door to win early clients.
- Built the company website and desktop cashier system to handle daily sales.

Fruqita | CFO & Software Developer 2026 - Present

- Managed the company's budget, cash flow, and all major financial decisions.
- Built the web app and custom POS system from scratch to track sales and inventory.
- Integrated a local AI using Ollama so the team can chat with the system for instant stock updates and daily summaries.
